

## **Physics and Chemistry Study Circle**

The Study Circle initiated last year (May 2014) will start again from Friday, August 7 2015. It will be held at HBCSE on every working Friday from 2 pm to 5 pm. The Study Circle will mainly involve problem solving in core areas of physics and physical chemistry. There will be emphasis on critical understanding of topics and mathematical preparation for the same. There will be no lecture sessions. Students will be encouraged to solve problems under the supervision of the faculty.

The Circle will be coordinated by Prof. Arvind Kumar, formerly with HBCSE (TIFR).

As always, the study circle is open to all interested students from colleges and institutes. There is no fee for the Study Circle and no certificates of participation, awards or prizes, or any other incentives. Students will be free to join and leave the Circle as they please. The activities of the Study Circle will not be tailored towards any examinations, entrance tests etc. The aim of the Study Circle is to encourage genuine learning of physics and physical chemistry.

Study Circle begins on:	Friday, August 7, 2015
Place	HBCSE
Contact person	Prof. Savita Ladage (NIUS coordinator)
Email	savitaladage@gmail.com

The above activity is part of NIUS programme at HBCSE.
